### **Description of Kindermusik**

- For more than 25 years, Kindermusik International, now headquartered in Greensboro, N.C., has been enriching the lives of children and parents with innovative music and movement programs that nurture the cognitive, emotional, language, social, physical and musical development of children and involve families in the joy of their children's musical learning.
- For children, from newborn to seven years, and their parents. Kindermusik provides unique child-centered educational classes and materials to take home for the fun and learning to continue every day.

### **International Scope of Kindermusik**

- As the world leader in music and movement programs for young children, Kindermusik has reached more than *one million children and parents* and continues to expand annually.
- More than 4,500 licensed Kindermusik educators in 37 countries offer Kindermusik classes using the specially created Kindermusik curricula, music and books produced by Kindermusik.
